

**HEATH BUSINESS SPOTLIGHT**  
**A SHOUT OUT TO A HOMETOWN BUSINESS...**

**Garland • North Garland • Murphy • Rockwall**  
**A Baylor-HealthTexas Affiliate**

Baylor Family Medical Center at Rockwall was established in 1989 in Rockwall and has provided medical care to multi-generations of families in the Lake Ray Hubbard community for 24 years. The clinic relocated to Heath eight years ago.

The family practice medical clinic located at FM 549 and Horizon Road includes Dr. David Lensch, MD, Dr. John Wiprud, MD and Nurse Practitioner, Cheryl Maldanis, FNP-C.

“We consider it a privilege to provide quality, compassionate medical care to the residents of our own community in a comforting environment,” said Dr. Lensch.

Dr. Lensch explains that his clinic is recognized as a Level 3 Patient Centered Medical Home, which is the highest level for a model of care focused on strengthening the physician-patient relationship.

“We encourage patients to establish a relationship with a primary care physician who will lead a team of clinicians collectively responsible for all of the patient’s health care needs. This includes arranging for appropriate care with other qualified clinicians and/or specialists as needed. The model results in a more personalized, coordinated, effective and efficient care.”

Dr. David Lensch is also the Medical Director of the Rockwall County Helping Hands Clinic, where he volunteers his time to provide charity medical care. Dr. John Wiprud is a volunteer physician at the Hope Clinic in Garland.
