## EMERGENCY PLANNING MAKES THE DIFFERENCE WHEN SECONDS COUNT

September is recognized as National Preparedness Month (NPM), which serves as a reminder that we all must take action to prepare, now and throughout the year, for the types of emergencies that could affect us where we live, work, and also where we visit. One easy step is to be sure you and your family members are registered for free text emergency alerts at [nixle.com](http://nixle.com). For a comprehensive guide of other steps you can take to be prepared, visit [www.ready.gov](http://www.ready.gov).
