APPLICATION FOR CERTIFICATE OF OCCUPANCY IS HEREBY MADE COINCIDENTAL WITH APPLICATION FOR CONSTRUCTION PERMIT. A PERMIT BECOMES NULL AND VOID IF WORK OR CONSTRUCTION AUTHORIZED IS NOT COMMENCED WITHIN 180 DAYS, OR IF CONSTRUCTION OR WORK IS SUSPENDED OR ABANDONED FOR A PERIOD OF 180 DAYS AT ANY TIME AFTER WORK IS COMMENCED. ALL PERMITS REQUIRE FINAL INSPECTION. I HEREBY CERTIFY THAT I HAVE READ AND EXAMINED THIS APPLICATION AND KNOW THE SAME TO BE TRUE AND CORRECT. ALL PROVISIONS OF LAWS AND ORDINANCES GOVERNING THIS TYPE OF WORK, INCLUDING BUT NOT LIMITED TO BUILDING, FIRE, ZONING AND TREE PRESERVATION ORDINANCES, WILL BE COMPLIED WITH WHETHER SPECIFIED OR NOT. THE GRANTING OF A PERMIT DOES NOT PRESUME TO GIVE AUTHORITY TO VIOLATE OR CANCEL THE PROVISIONS OF ANY STATE OR LOCAL LAW REGULATING CONSTRUCTION OR THE PERFORMANCE OF CONSTRUCTION.

I HEREBY ACCEPT ALL CONDITIONS HEREIN ABOVE MENTIONED AND CERTIFY THAT ALL STATEMENTS HEREIN RECORDED BY ME ARE TRUE.

COMMERCIAL PERMIT SUBMITTAL REQUIREMENTS

CURRENT CITY ADOPTED CODES ARE 2015 IBC, 2015 IECC, 2015 IFC, 2015 IMC, 2015 IPC, 2015 IFGC, AND THE 2014 NEC

PLAN REVIEW: Our goal is to complete plan review and return comments to applicant within ten working days excluding the day of submittal. Plan review will not begin until all application requirements are met. Additional plan review fees will apply for 3rd party review.

Permit Application Form shall list the general contractor and subcontractors in the licensed trades.

- The General Contractor will submit the permit application form listing the contractors in the licensed trades (Plumbing, Electrical, and Mechanical). All contractors must be currently registered with the City of Heath prior to issuance of the permit.
- Registration: \$75.00 New Registration. \$50.00 Renewal Registration

EXISTING BUILDINGS (Remodels & Finish-outs only. Excludes additions)

The following Items must be included with the application form. Incomplete plans and/or applications may not be processed or will create delays.

- Permit Application Form. (Any plans not picked up within 180 days after notification will be considered abandoned and plan review fee assessed.)
- Energy Code Analysis: This should be the COM check printout or equivalent information from the tables of the 2015 IECC. COM Check is a free download from the U. S. Department of Energy at www.energycodes.gov Note for interior work only the items affected by the remodeling need to be calculated.
- Asbestos Survey. Remodeling or demolition of any commercial building or space in a building requires an asbestos survey be done. Any permit submittal to the city requires a statement be attached to the application that a survey has been done as required by the state. The survey has to be kept at the project site and be available to the Texas State Department of Health Services on request.
- Architectural Barriers Registration. Applicant shall submit proof that plans have been submitted to the state or independent contractor for accessibility review. Listing of registration number for on line project registration is sufficient. Smaller projects exempt from state plan review are still required to comply with the Texas Department of State Health Services.
- Three (3) sets of Construction plans (on paper) and ONE SET ON DISK IN PDF FORMAT including the following: Disc not required for small projects where the maximum sheet size does not exceed 11" x 17".
 - Plot plan or Site Plan showing location on the property with all improvements.
 - Floor plans showing the area being remodeled including all corridors and stairways involved in exiting the subject space.
 - Elevations showing any exterior walls that are changed.
 - Typical wall section showing typical construction materials and insulation of exterior walls.
 - Plumbing, Mechanical, and Electrical Plans showing all work in the scope of the project or note the existing systems. Specific equipment schedules are required to verify compliance with the Energy Code. The U. S. Department of Energy has developed the software programs RES check and COM check. COM check may be based on 2015 IECC. These are available on the internet at www.energycodes.gov as a free download. The printout from them may be submitted with your plans. The Building Department will also accept hand calculations utilizing the provisions from the 2015 IECC. See energy code ordinance for envelope tables for this climate zone.
 - Drawings shall have legible seals and signatures as required by Texas Engineering Practice Act and or Texas Board of Architectural Examiners. See <http://www.tbae.state.tx.us> and <http://www.tbpe.state.tx.us>
- If the establishment requires a Health Department license, then health department plan review is required. This applies to any food service operation, grocery store, day care or assisted living facility. It is the applicant's responsibility to submit directly to the health department. Contact Kelly Stockburger via email at kbkfs@sbcglobal.net

NEW BUILDINGS (Includes new additions to existing buildings.)

The following Items must be included with the application form. Incomplete plans or applications may not be processed or will create delays in processing.

- All of the items required for existing buildings above.
- Energy Code Analysis: This should be the COM check printout or equivalent information from the tables of the 2015 IECC. COM check is a free download from the U. S. Department of Energy at www.energycodes.gov .
- Three (3) complete sets of plans on paper and one set on disc in PDF format (including everything listed above, plus City Approved detailed site plan.)
- Construction plans shall contain the information required under Existing Buildings as listed above plus the following:
 - (1) Landscape and Irrigation Plans
 - (2) Erosion Control Plan
 - (3) Civil plans showing grading and drainage, utility work and site paving. In cases with a City Council approved site plan and elevations, those plans with all the revisions required in the final approval shall be a part of the submittal.
 - (4) SWPPP Plans
- SPECIAL NOTE: Civil Plans must be separately submitted to the Public Works Department 200 Laurence Drive, Heath, and Texas whenever there is any public infrastructure (water, sewer, storm drainage, or streets). Civil Plans must be approved by the Public Works Department prior to issuance of Building Permits. The Public Works Department may be contacted at 972-961-4892.

** Larger water meters require that all fees are paid and an account is set up with Utility Billing prior to issuance of the building permit
